# ANNUAL REPORT

OF THE

## MEDICAL OFFICER *of* HEALTH

*For the year 1941*

*To the Fylde Rural District Council.*

MR. CHAIRMAN AND GENTLEMEN,

I present to you my second Report as your Medical Officer of Health. At the request of the Ministry of Health it is purely of an interim character. As the Council are aware, my period of office dates from 1st April, 1940.

### STATISTICS AND SOCIAL CONDITIONS OF THE AREA.

AREA.—The area of the Fylde Rural District is at present 33,159 statute acres.

POPULATION.—The population as per the census, 1931, was 15,750, and the estimated population (1941), 10,800.

SOCIAL CONDITIONS.—The district is chiefly an agricultural one.

BIRTHS.—According to available figures, there were 166 births during the year belonging to your area, divided as 88 males and 78 females.

DEATHS.—These figures are also obtained from figures supplied by the local registrars. There is seen to be a total of 129 deaths of which 63 were males and 66 females. These were distributed among the various districts.

**AMBULANCE FACILITIES.**—The Ambulance facilities for the district are very good.

(a) For Infectious cases: The Moss Side Isolation Hospital has a Motor Ambulance for conveyance of patients to the Hospital. The Elswick Sanatorium has also a Motor Ambulance for tuberculous patients.

(b) For Non-Infectious and Accident Cases: A Motor Ambulance for the conveyance of necessitous non-infectious and accident cases is hired by the Council when required.

There are privately owned ambulance services in Wesham, Blackpool and Preston which provide comfortable transport for those who can afford to pay the cost.

**CLINICS AND TREATMENT CENTRES.**—A Maternity and Child Welfare Centre is provided by the County Council, and is situate in Mellor Road, Kirkham. The Centre is open for consultation and treatment on Thursday of each week, from 2 p.m. till 4 p.m.

**TUBERCULOSIS DISPENSARY.**—Use is made of the Dispensary at Elswick Sanatorium. This is under the care of the Medical Officer of that Institution.

**SCHOOL CLINIC.**—The Medical Inspection of School Children is carried out in all Schools by the School Medical Officer acting under the County Council. One of the advantages of the new scheme is that the Medical Officer of Health for the area is responsible for the School Medical Inspections.

**VENEREAL DISEASES CLINIC.**—Treatment is given at the Preston Royal Infirmary, under a scheme of the County Council.

**COMMENTS.**—There has again been no unusual or excessive mortality during the year. Regarding causes of sickness or invalidity, there has been nothing noteworthy.

The district is largely agricultural and is on the whole a healthy district. With the exception of mill work, there are no occupations which one could term prejudicial to health. There is no evidence that unemployment has exercised any significant influence on the health or physique of children or adults. In millworkers, absence from work in some appears to improve their health, but in others prolonged unemployment appears to induce neurotic ailments.

## GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA.

### HOSPITALS AND OTHER INSTITUTIONS AVAILABLE FOR THE DISTRICT.

**HOSPITAL ACCOMMODATION.**—There are 3 Hospitals in the district, and one Sanatorium, viz., The Fylde Joint Isolation Hospital, at Moss Side, near Lytham, 64 beds, which is used for Infectious Diseases. This Hospital is used by the following districts:—Fleetwood, Poulton, Thornton, Fylde Rural, Kirkham, Lytham St. Annes, and occasionally by outlying districts.

Patients are not required to contribute towards cost of treatment. The cost of hospital treatment for infectious diseases to the Rural District for the year ending March 31st, 1941, was £110 4s. 0d., and for the year ending March 31st, 1942, £106 0s. 10d.

### PROFESSIONAL NURSING IN THE HOME.

There have been no arrangements made by the Local Authority for nursing in the home, but three separate District Nursing Associations operate in the district. Each employs one nurse, and are self-supporting, no financial obligations falling on the district.

## LABORATORY WORK.

The examination of specimens for the detection of the Diphtheria organism has been carried out at the Preston Royal Infirmary Laboratory.

Specimens of sputum are sent to Elswick Sanatorium for the detection of the Tubercl bacillus.

## THE ADMINISTRATION OF LOCAL ACTS OR GENERAL ADOPTIVE ACTS.

There have been no new local acts or adoption of any acts during the year.

## PREVALENCE OF AND CONTROL OVER INFECTIOUS DISEASES.

Apart from 10 cases of Scarlet Fever and 14 of Diphtheria, 83 cases of Measles occasioned a rather heavier incidence than usual of infectious diseases.

A supply of anti-toxin is kept within the district at the Union Offices, Wesham, and the Kirkham Police Station and is supplied to medical practitioners when required.

## NOTIFIABLE DISEASES.

The following table shows the number of cases of Infectious Diseases notified, number of deaths from these diseases, number of cases removed to hospital, during the year 1941.

NOTIFIABLE DISEASES (other than Tuberculosis)  
DURING THE YEAR 1941.

55—	...	...	...	...	...	...	...	...
65 and upwards	...	...	...	...	...	...	...	...
Totals	...	4	6	7	2	...	1	2

All the cases which died had already been notified under the Public Health (Tuberculosis) Regulations.

Notification of Tuberculosis in the Fylde Rural District is, usually, fairly good, and no action has been necessary with regard to wilful neglect or refusal to notify.

There is no evidence of excessive incidence of, or mortality from, Tuberculosis in any particular occupation in the district.

The district is under the care of the Medical Officer of the Elswick Sanatorium. Every week, notifications of Tuberculosis (if any) are sent to the County Council. The Tuberculosis Officer visits each patient with the Medical Attendant, and, where necessary, domiciliary or sanatorium treatment is given. On the occasion of death, or removal to a sanatorium, the dwellings are disinfected.

I wish to express my appreciation of the co-operation which is always freely available both from the members of the Council and fellow-officials.

Your obedient Servant,

L. FAY, M.D., D.P.H.,

*Medical Officer of Health.*

# The Fylde Rural District Council

---

WESHAM.

*To the Chairman and Members of the  
Fylde Rural District Council.*

GENTLEMEN,

I have pleasure in submitting to you my sixteenth Annual Report for the year ending December 31st, 1941.

The following is a Summary of the work carried out during the past year:—

Informal notices	...	...	...	...	39
Statutory notices	...	...	...	...	11
Legal proceedings	...	...	...	...	2

**MILK SUPPLY.**—This, on the whole, is good. No milk is imported into the district.

The Dairies, Cowsheds and Milkshops Orders are carried out by the Fylde Rural Authority.

There are 326 Cowkeepers and 11 Registered Dairymen or Milksellers.

The approximate number of Cows in the district is 8,560.

## WATER SUPPLY.

The approximate number of houses in your District with a direct supply from the mains of the Fylde Water Board is 2,613. Approximate number of houses supplied from other sources, 174. The district is very favourably situated in this respect.

## SEDIMENT TESTS.

Twenty-nine samples of milk were examined, six of which proved unsatisfactory.

## SLAUGHTER-HOUSES.

There are 7 licensed Slaughter-houses in the district.

INSPECTIONS FOR PURPOSES OF PROVISIONS AS TO HEALTH.

PREMISES.	Number of	
	Inspections	Written Notices
FACTORIES with mechanical power	—	—
FACTORIES without mechanical power	6	—
OTHER PREMISES under the Act (including works of building and engineering construction but not including outworkers' premises)	—	—
<b>Total</b>	<b>6</b>	<b>—</b>

DEFECTS FOUND.

<b>Total</b>	<b>...</b>	<b>...</b>	<b>—</b>

## BAKEHOUSES.

There are 9 bakehouses. The sanitary condition of these is satisfactory.

## CLOSET ACCOMMODATION.

No. of Middens	...	...	...	...	...	...	1,083
„ Pail Closets	...	...	...	...	...	...	164
„ Fresh Water Closets	...	...	...	...	...	...	1,424
„ Waste Water Closets	...	...	...	...	...	...	13
„ Dry Ashpits	...	...	...	...	...	...	379
„ Movable Ashbins	...	...	...	...	...	...	1,263

One waste water closet was converted to fresh water closet.

## OFFENSIVE TRADES.

Nil.

Byelaws were adopted in 1886.

## REGISTERED FACTORIES.

Number of Factories on the Register at the end of the year, 46.

## DISINFECTION.

The number of houses disinfected total 39. The rooms are all sealed, and bedding, etc., is hung up in the room and left for 8 hours ; then all washable articles are soaked for a further 24 hours in liquid disinfectant.

## HOUSING STATISTICS.

Number of new houses erected during the year :—

(a) Total (including numbers given separately under (b))	...	...	...	...	...	...	1
(i) By the Local Authority	...	...	...	...	...	...	Nil.
(ii) By other Local Authorities	...	...	...	...	...	...	Nil.
(iii) By other bodies and persons	...	...	...	...	...	...	1
(b) With State assistance under the Housing Acts :							
(i) By the Local Authority	...	...	...	...	...	...	Nil.
(ii) By other bodies or persons	...	...	...	...	...	...	Nil.

I remain, Gentlemen,

Yours obediently,

FRED S. ROSCOE, M.S.I.A., Cert.R.S.I.,  
*Sanitary Inspector.*
